The colored brother stands a poor change for work in the great State of Illinois. The Governor of that commonwealth would not permit the colored brother to be imported to work in the coal mines. He says the negroes are an "undesirable class" of labor and must be kept out of his State.

Another great discovery has been made, and that too, by a lady in this country. Obsease fastoned its cintches upon her send for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly a decould not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Community, and was so much reiligrad.

a lower market for cotton next season, and it is impossible to realize any pro-· fit from planting it if a a lower price should prevail. A full corn crib and a full smokehouse are good things to have, whether cotton brings 5 or 40 cents; and the farmer who has these need not worry himself about the price of cotton. Plant a full crop of provisions, raise plenty of meat and let your cotton crop be a surplus one.

Lil. partles in arrears to the Anderson Water, Light & Power Co., for Electric current or water supply, will have their service cut off on 1st of November, 1897, if their accounts are not settled by that date. And under no circumstances will current or water be furnished, thereafter, to these who have not paid their old accounts.

8. M. ORR.

President and Treasurer, Anderson Water, Light & Power Co.

The war taxes have yielded quite as much revenue as the conservative estimates predicted. At the rate of receipts since these taxes went into effect they will yield at least \$144,000,-000 a year. The \$200,000,000 horrowed by the government will give the treasury \$344,000,000 this year from extraordinary sources. It is believed that after all the expenses of the war have been paid there will be an intexpended balance of \$100,000,000 in the treasury. The war has given a most impressive illustration of the financial power of our government. Nobody has felt the additional Federal taxation, which will bring in \$144,000,000 a year and there are many of the war taxes which should be retained bermanently. Certainly be retained permanently. Certainly the new taxes on beer and tobacco should be kept up, and there are some of the stamp taxes which should be kept up. We are, however, raising more revenue than is needed for the legitimate expenses of the government, and how to reduce taxation to the proper point will be the most imporpage of the stamp taxes which should be kept up. These hot values burn our hands, so we drop them like this. Competition will tell you "tain't so," and try to hold you, but it's no use, unless you want to be swallowed whole. Now, we know there's lots of slack jaw given as behind our backs, but mark this: The parties doing it either have an axe to grind or they are giving vent to an old grudge. No, they can't sling us around like so many rats by the tail, therefore they want to do us an injury. Others come and go like the Summer's sun or the Winter's snows, but the bargains at The Ten Cent Store go on and on and on.

#### BACCINC AND TIES CHEAP. SHOES CHEAP.

W E are enjoying a trade this season that we are proud of. We are intensely in earnest about selling our—

Dry Goods, Shoes, Hats, Caps,

Blankets, Lap Robes, Jeans, Sheetings,

And other lines of Goods kept by us.

We have always put forth our utmost effort to buy and sell the finest Flour obtainable, and believe our many kind customers will bear us out in the assertion that we do sell the finest on this market. We have always kept Kingan's Fine Lard and Hams; also the best and cheapest lines of Coffee and Tobacco. Try us and these and we give you our word that we can and will please you.

We want you for a customer, and will do anything in reason, that is honest, to get you. Can't we have your trade? Help us swell our trade.

Yours truly,

## BROWNLEE & VANDIVERS.

P. S. If you owe us a dollar, remember we need it badly to meet our honest obligations that must be met. Please give this your kind and prompt consideration and we promise to remember and appreciate it.

## THE GREAT SYRACUSE TURN PLOW.

The Strongest, the Lightest, The Best Braced Turn Plow Made.

RUNS LIGHTER and produces better results than any Plow on the market. In the season of 1894 we sold only 5 Syracuse Plows, in 1895 we sold 20, in 1896 we sold 75, in 1897 we sold 174, and we have sold nearly three Car loads for the year 1898.

Their increasing sale from year to year is proof conclusive that they are superior to other makes. They will turn where others fail. They run 25 per cent lighter, the points are harder and will wear twice as long. Now, we do not ask you to take our statement for this, but be guided by the experience of your fellow-farmers who have used these Plows and do not hesitate to give due praise to the Great Syracuse Plow-the world-renowned. ## Thanks, & Sofforth.

SINCE writing our last advertisement we have hid such satisfactory trade on our Standard All Wheat Flour that we disire to thank our customers for their confidence in us, and to assure them we will never violate that trust. Our FLOUR—Dean's Patent and other grades—is simply at the top notch, and we beg to state that there is more Dean's Patent sold here than any other brand in Anderson County.
